

HOW TO GET YOUR EXCLUSIVE STORE PERKS.

The Georgetown University Staples Business Advantage® Program gives you special discounts on supplies and Print & Marketing Services in any U.S. Staples® retail store.

Here's how to get your benefits:

1. Register your credit card.

[Click here](#) to register a credit card with our safe and secure system. You can click multiple times to register multiple cards if needed. This ensures your card is linked to your program. You'll see all discounts on your retail receipt.

2. Save in store by using your registered card.

Pay with your registered credit card to get the lowest price on any item at the time of purchase — whether it's the Georgetown University discount, or the in-store price.

Your registered card replaces your personal Staples Rewards® program. If you use Staples Rewards at checkout, you won't get your company pricing.

3. Get the best pricing on Print & Marketing Services.

Just show the card below before placing your print order to get the best available pricing. **Don't forget to use your registered credit card at checkout.**
